

# 11<sup>th</sup> Thailand Education Fair (Myanmar)

*Organized by*

**Association of Myanmar Alumni from Universities in Thailand**

(ထိုင်းတက္ကသိုလ်ဘွဲ့ရဲ့ မြန်မာကျောင်းသားများအသင်း)

**Association of Myanmar Alumni  
from Universities in Thailand**

*Supported by*

**Royal Thai Embassy**

Dear Sir/Madam,

Sawadee kha. Greetings from the Myanmar Alumni from Universities in Thailand (AMAUT).

We are pleased to invite education institutions in Thailand to participate in the **11<sup>th</sup> Thailand Education Fair Myanmar**, which will be held on **Saturday, 4th April 2026 at Sedona Hotel, Yangon, Myanmar**.

Myanmar students continue to show strong interest in pursuing higher education abroad. Many are seeking international exposure, improved skills, and better career opportunities. Fluency in foreign languages, particularly English, remains a significant advantage when entering the job market.

The education market in Myanmar is largely driven by demand for **undergraduate and postgraduate studies overseas**, followed by increasing interest in doctoral programs. Students' fields of study range widely, including science, engineering, medicine, business administration, arts, and language studies.

Thailand remains one of the most attractive destinations for Myanmar students due to its **high-quality education**, globally recognized qualifications, wide variety of academic programs, cultural similarities, and opportunities for graduates.

#### **Myanmar Student Profile**

Institutions participating in the fair may find the following points helpful:

- Myanmar's traditional high school system completes at Grade 11, requiring many students to undertake a foundation course before starting undergraduate studies abroad.
- A new Grade 12 system has been introduced beginning in the 2022–2023 academic year.
- Cost and institutional reputation are major considerations for students and parents.
- Many students need to complete an English language course prior to commencing academic programs.
- Opportunities to work, as well as proximity to friends and relatives, are also important factors.
- Students actively gather information independently, while parents play a key role in the final decision-making process.
- Many students prefer studying in large urban locations.

The timing of AMAUT's Thailand Education Fair provides an excellent opportunity for prospective students to prepare in advance, including completing English language requirements, for the **2026–2027 academic intake**.

We warmly encourage institutions to connect with AMAUT to explore further opportunities for developing their presence and partnerships within the Myanmar education market.

We look forward to your participation and support in this important event.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Ela' or 'Ela Win'.

Mrs. Cho Cho Win

General Secretary

Association of Myanmar Alumni from Universities in Thailand (AMAUT)

Room(2),Building(3),Thuwunna Modern Avenue,(corner of Thuwunna Public Park), Than  
Thu Mar Road, Thingangyun Township, Yangon, Myanmar.
